Editor Shelton M. Saulley.

The above likeness of Editor Shelton M. Saulley, of the Interior Journal, is not as good as our artist usually makes, but it was the best he could do under the circumstances. Saulley is such a busy fellow, getting out his splendid paper, running for Representative and at the same time keeping his weather eye on the Collectorship, that he couldn't be induced to sit still long enough to "catch his shadow" as it should have been caught. Mr. Saulley is probably the best all 'round newspaper man in the State. He knows every phase of the game and has served time in every department. He learned the practical part in the Interior Journal office and the writer started him in the "art preservation" that is introduced him to the "case." The pupil soon became more proficient than the instructor and the latter was compelled to take a "back seat." As a reporter for the Lexington Democrat he won the soubriquet of "Scoopy" Saulley, and as managing editor of that paper and the State Journal at Frankfort he more than made good. A success at whatever he turns his attention to and as fine a gentleman as lives, we are not surprised at the prominence he has achieved but on the other hand we will be both surprised and disappointed if he does not reach the topmost rung of the ladder of fame.

To The Voters of Madison County.

I have announced myself as a candidate for the Superintendent of schools, subject to the choice of the Democratic party. I desire to make no boast of my competency for that office, but wish only to solicit your support upon a solid and reasonable foundation. A new era has dawned upon Kentucky education within the past few years, an encouragement to those who desire to wipe out the blot of illiteracy from the fair fame of our Commonwealth. New plans of teaching, new methods of finance, new surroundings have been provided, almost suggestive of a marked advance along

the line. I have spent some of the best years of my life in teaching in the public schools; have deplored the many lacking elements of success in the past and know with a practical knowledge gained from a long experience just what they need.

I wish to give the tax-payers full value received for their money in the practical results attained in the schools; to abolish incompetent teaching, out-of-date methods, and forever banish from our schools teachers whose hearts are not in the work. I desire to be just to the teaching element, fair and impartial to the patrons of the schools and above all ever watchful of the best interests of the boys and girls, the hope of our native State. I shall apply the best economic methods in the financial management of the schools, and endeavor to be perfectly just to everybody and partial to none.

Your support will be most highly and gratefully appreciated, and should I be your choice in the election, I promise you a fair, clean, zealous and honest administration of the office.

None Better Than Mr. Smith.

Just before leaving for his home at Richmond, Ky., Hon. William B. Smith came around to bid some of his friends good bye and he stated that if there was a single man in the Eighth Internal Revenue District a better democrat than he that he was willing for him to have the office of Collector. He enjoyed very much his stay in the capital—"Rich" in Danville Advocate.

WHY

Has the Hustling Cash Store sold so many more goods so far this season than ever before?
Why have Hamilton Bros. at such an early date, had to search the markets for an almost new stock of spring merchandise?
Why do we buy these goods always at bottom prices?

BECAUSE

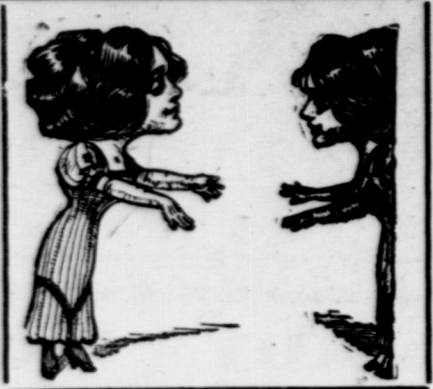

Because we sell for cash and can, of course, pay cash. And by paying spot cash we can get the lowest possible market price
Because we are satisfied with a reasonable profit and MAKE GOOD what we say about every article sold
Because we buy often and keep our stock fresh and new, and extend a courteous invitation and cordial welcome to each and every patron. Therefore

People Looking For Good Quality Materials

at reasonable prices make their purchases at our store and always with the understanding that if goods are not as represented, we want them and will make them satisfactory. The Lesson Flagler Taught.

Henry M. Flagler, who died at West Palm Beach, Fla., gave the world a practical lesson of the virtue and worth of Florida. He was the modern Ponce de Leon, who found within the borders of that State the fountain of youth.

He came to Florida for the first time in 1885 in the 55th year of his age, broken in health, seeking a place of rest and recuperation. It was undoubtedly a momentous and pregnant day for the State when the invalid set his feet upon its soil.

Mr. Flagler found what thousands have found—a climate and a condition to rejuvenate and recharge the batteries of energy; and he reasoned and reasoned correctly that what the climate did for him it would do for others. And he began to lay plans to attract to the State the thousands of health and pleasure seekers.

Mr. Flagler really started life anew when he went to Florida. As the saying goes, he "came back"; his old faculties of organization and his great energy for construction were revitalized. Whereas, the chances are, if he had remained in the North he would have continued to be a chronic invalid.

Florida offers an attractive field to the pleasure seeker. The wild woods, the splendid beaches, free from storms and the stress of the elements, and the abundance of game, all combine to make of the State a paradise for the lovers of sport and healthy pastime; but it is to such men as Flagler to whom the State makes its greatest appeal: men low in health or fortune, who have somehow and for some reason fought a losing fight in other less hospitable States and are seeking an opportunity to come back in to their own.

For these Florida is a State cut from the regions of the gods.

A KANSAS woman is suing for divorce because her husband slapped her when she snored so loudly that she kept him awake. Those Kansas women think, or seem to think, that a male being has no rights at all. Who could blame a fellow for gently "snoring" his other half when he is kept awake by such a silly habit? Seems to us that those Kansas women have enough faults without the added one of snoring.

REPORT comes that the Cooper-Edwards faction of Pulaski county will start an organ at Somerset, the paper of that following having been bought by a progressive, J. R. Poynter. Impelled by our personal experience, we feel to tell the boys to think well before they act, and decide not to act. Three papers for Somerset is too many; there is not even a scant living for four.

A MAN at Montpelier, Ind., worked for eighteen years and never drew his salary. So say the dispatches. They fail to say what he did to the cash drawer in the mean time. Come to think of it, what does a fellow want to draw his salary for when he has access to the money box and can help himself to its contents when he sees fit to?

If you are for Smith for collector in this district, you had better make it known which Smith you are for. There are W. B. Smith, of this city, and Ben V. Smith, of Somerset, and Spencer Smith, of Harrodsburg, all willing Barkies. But then of course you are for the former one in that bunch.

Something You Need—

A Guaranteed No. 40 "Wearever" Hot Water Bottle for \$1.⁵⁰

As an all 'round necessity in every home, the ordinary hot water bottle is with out an equal, and as an example of our methods of retailing and of the quality of our Rubber Goods, this particular No. 40 "WEAREVER" Hot Water Bottle is without an equal.

Everybody needs a Hot Water bottle - and ought to have one—so we are going to convince you of the quality of our Rubber Goods by selling you something you need at a price far below what most stores charge for an article not so good. We think this "WEAREVER" Water Bottle represents the utmost in rubber goods quality. It is

One-piece Construction No Seams or Joints to Open and Leak

and is vulcanized over a steel mould the exact size and shape of the bottle. Only the finest rubber is used, because it is necessary to take the bottle, when completely shaped, off this mould by pulling it through the opening in the neck. Of course second grade rubber won't stand that treatment.

Easily and Quickly Filled

because the neck is large and the funnel so shaped that the water runs rapidly. Plenty of room to hold the bottle while filling it and no danger of scalding the hand. The method of construction of the bottle-neck eliminates all chance of a break or crack there. Convenient screw stopper. Very neat and trim and when full is pliable and presents a large surface. Handsome maroon color and absolutely guaranteed against any and all defects by the manufacturer—and we make good on the guarantee.

You could pay perhaps twice the price for a hot water bottle of inferior quality at some stores. By pricing our Rubber Goods at a reasonable figure we gain your confidence and sell more goods. The price of this bottle—\$1.50—is low for the article. It is not a special price, but a convincing example of how low our regular prices are. Everything else in our Modern Rubber Goods Department is marked at correspondingly reasonable prices.

You need a Hot Water bottle. Get it here and now. Save money and get a better article by securing one of these No. 40 "WEAREVER" hot water bottles at \$1.50. 40 uses for this Hot Water Bottle are told in our Home Book on Rubber Goods. Be sure to ask for a Free Copy.

Quarantine On Sheep.
Nearly 2,000 farms, mostly in Central Kentucky, will be put under quarantine June 1st, by the State Livestock Sanitary Board, in an effort to eradicate footrot among sheep. The Federal Government has withheld action to give the State authorities an opportunity to handle the situation and save the embarrassment of a quarantine on the State. No sheep may be placed on or taken from the farms under quarantine after June 1st, except those that have been treated and are shipped for slaughter. Many farmers are now disposing of their flocks in this way and intend to abandon sheep raising for a couple of years until the soil is free from the pest. Commissioner of Agriculture J. W. Newman said Monday the quarantine is put on to protect the sheep-raisers whose flocks are not infected. The infection is the most widespread in the central part of the State, where the sheep-raisers have been importing ewes from Western States.

Some Presents.
A gentleman from Stanford tells us that at the commencement exercises of the Graded School at his town Wednesday night the six graduates must have gotten between five and six hundred presents. In fact, some of the more popular ones had to get a delivery wagon to take their home. One of the "sweet girl graduates" got 112, while the young man who won first honors of his class was remembered by 103 of his friends. They sure are "givin' folks" down in the delightful little capital of Lincoln.

On tomorrow night in the school building there will be an entertainment, to which the public is cordially invited. County Attorney O. P. Report Denied.
It is vehemently denied by Clarence LeBus, of Hinata Farm, Fayette county, that he got money from the motion picture people for permitting pictures of the race, etc., to be shown. No one who knows the manner of man Mr. LeBus is, ever for a moment believed the silly story.

Mr. F. M. Stiver delivered an address to the representatives of the Metropolitan Life Insurance Co. from the northern part of the State at Paris several weeks ago and by request he will deliver the same address to the representatives of the Blue-grass section of the State at Winchester tomorrow. Must have been a good one.

Great Hotel for Washington.
Washington is soon to have a handsome new hotel. It is claimed that it will eclipse the grandest hostleries in the world. It is being erected on La Fayette Park, which faces the White House, and will have decidedly the best location of any of the other Hotels in the city. It will cost \$7,000,000. It will have three stories under ground.

A Magnificent Address.
In its mention of the Baccalaureate address delivered to the graduates of the Stanford High School at the Opera House in that city Sunday night, the Interior Journal says: "The address of Dr. Ellis B. Barnes, of the First Christian church, of Richmond, was a magnificent one, one of the very finest that has been heard in Stanford on a similar occasion in years."

Mrs. Gibson Buys Rayburn Farm.

The Tevis Rayburn farm, of 108 acres, on the Lancaster pike, seven miles from this city, was sold at public auction Wednesday afternoon by Harris & Speakes, the Paris real estate men and auctioneers, assisted by Messrs. L. M. Scrivner and H. C. James, of this city. Mrs. Ellen Gibb, of this city, was the buyer at \$92,300, which is considered a good figure. The land is good but the improvements are not first-class.

Joseph Bush Dead.
Mr. Joseph Bush, aged 57, died at his home on Lyndon street Wednesday night and was buried in Richmond Cemetery Thursday afternoon, after brief services at the grave by Rev. W. S. Taylor, of the Baptist church. He is survived by his wife and two children, Mr. Claire Bush and Mrs. O. P. Bush. He had been ill for a dozen years and acute Bright's disease brought about his demise. Mr. Bush was a clever man and had many friends who sorrow that he is no more.

Slim Court Day Crowd.
Only those who were compelled to come to town, or could afford to travel in automobiles, were at county court on last Monday, which shows how effectually the malady among the horses effects the business of the community. There was no business of consequence transacted in court, and a very small number of stock was on the market. The day was given over to the politicians who were putting in their best looks with the small crowd assembled.—Lancaster Record.

Don't miss the Girl from Hockerdam Monday night at the Opera House. A feature act.

New Train for Sundays and Sundays Only.

Agent Jonas Rucker of the L. & N. dropped in this morning and told us of a new train that will be put on Sunday between Stanford and Cincinnati. This train is for Sundays and Sundays only and the time is as follows: Leave Stanford at 5 a. m., arrive Richmond 6:30, Cincinnati 10:45. A new train leaves Lexington at 7:30 a. m. on Sundays and connects with this Sunday train at Paris. This new Sunday service leaves Cincinnati returning at 7:00 o'clock and arrives at Richmond at 11 p. m.

Delightful Reception.
A recital of rare merit was given at Eastern Normal Tuesday evening by Madame Edla Lund, the Swedish vocalist. Her voice is one of remarkable range and sweetness and her perfect control of it is a pleasing feature of her singing. Miss Gwynne more than pleased her hearers as accompanist, while Miss Knapp, who impersonated Madam Butterfly in a manner that only real artists can, was excellent. The entertainment was a thoroughly enjoyable one and too much credit can not be given those who took part.

A Feature Program at the Opera House

No other picture programme in the world can compare with the one now being shown at the Opera House, where nothing but the best will be seen. The musical program which is now conceded to be the best is the one you see there. They are projected on a Simplex 1913 model, the only one in Kentucky and so perfect that you think you are seeing a play. Bright and steady and restful to the eye. The music is good, such as you never heard before in a picture show and not a dull moment. Something doing all the time. 70-1f

Revs. E. E. Dawson and McRoberts will begin a revival at the McCord school house on June 9th. Everybody invited to attend.

Decoration Day.
Decoration day was not observed by the white population save at the banks and in the postoffice. The former have been closed tight as clams all day and the postoffice was opened only for an hour this morning and from 1 until 2 this afternoon. The colored people proved themselves more patriotic by decorating the graves of their departed ones.

That Mammoth Cave Trip.
Excursion Agent William Bryan, of the L. & N., was here Thursday working up interest in the Mammoth Cave trip, which his company offers on June 9th. He told us that he found that quite a number will take advantage of the very cheap rate and it is likely that the special Richmond car which will be attached to the L. & A. train leaving here at 7:20 Monday morning, June 9th, will be comfortably filled. If there is anything you wish to know about the trip, call on or phone Agent Jonas Rucker at the depot.

MARRIED
Webb McGinnis, of Cherryville, N. C., and Miss Susan L. Smith, of Berea, were married at the home of the bride yesterday.

Walter Tisdale, of Berea, and Miss Otie Burton, of the White's Station section, were united in wedlock's holy bonds on the 28th.

Grover Johns, of Cleveland, and Miss Bettie Young, of White Hall, were married at the Clerk's office by Squire J. D. Dykes in his most impressive manner.

Mr. Branham Beazley, well known to many Richmond people, was married at San Angelo, Texas, last week, to Miss Willie Yashti Condon, of that city.

Marriage of a 14-year-old school girl, Nannie Wells, daughter of J. J. Wells, of Jessamine county, to Henry B. S. Stewart, was annulled by the Fayette circuit court.

At the court-house this morning Squire J. D. Dykes performed a double marriage ceremony. The participants were Wilbert Davis, aged 21, and Miss Hattie Long, 20, the former of Cottonburg and the latter of Ruthven, and Grover Warner, 20, and Miss Bryan Warren, 16, both of the Edenton section. The occurrence created a considerable stir among the court-house officials, but this disturbed neither the participants nor Squire Dykes, the young folks being too happy and the Squire too used to tying knots to become frustrated.

Her Grounds For Divorce.
Forbidden to burn more than eight matches per day, a Los Angeles woman demands a divorce from her lord and master. And yet she might have used one of those matches to set him afire and thus avoid the expense of the divorce court.—Anderson News.
Zynn and Una Wesley will be at the Opera house Monday and Tuesday nights. Miss Wesley is known as the girl from Hockerdam.
A Good Suggestion
The Anderson News talks horse sense when it says: "Now that Gov. McCreary don't have to think about running for the Senate this year the more he should use his grey matter in putting the State treasury in a good financial condition."
Missed Lots of Fun.
A Somerset exchange says they have a lady there over 100 years old who never wore a hat, always resided in the same place, never saw a street car, railroad train or telephone, never drank, smoked, chewed or went to Sunday school. What an interesting conversationalist she must be.
A Good Record.
Sam W. Stairs, of the Dover News, says: "For almost 50 years we have suffered and sacrificed our sweet manhood as an editor of a local paper," adding "We dare anybody to show a line of knocking in anything we have written or printed derogatory to the town or any worthy person in it."

Tied In First Game.
The only information we were able to get concerning the Eastern Normal baseball team in its circuit through Marion, Hardin and Warren counties is that in the first game, which was played with St. Marys, neither side won. The game was called at the finish of the tenth inning, the score standing one and one.

Ben Marshall, the father of thirteen little Marshalls, has been appointed Collector of Internal Revenue for the 7th district, and Editor J. M. Only One Way to End Catarrh.

Reach the raw, tender, inflamed membrane infested with Catarrh germs, and destroy them.

You can't reach the nooks and crevices, and you cannot do an ordinary day's work, it is time to ask yourself this question: "Are my kidneys working right?" The answer may be easily found.

Weak kidneys slacken their filtering work and the uric acid circulates with the blood, in many cases, attacking the brain, nerves, muscles and vital organs. Don't wait for the serious trouble—begin using Doan's Kidney Pills when you feel the first backache or first notice of urinary disorders. This remedy has given new life and strength to thousands.

Proof of merit in a Richmond citizen's statement.

Mrs. J. Davis, 420 Walnut street, in Richmond, Ky., says: "I was nervous, dizzy and at night could not rest well. I felt tired in the morning and my back pained me. Doan's Kidney Pills were recommended to me and I used them, getting them at Middleton's Drug Store. They gave me entire relief."

For sale by all dealers. Price 50 cts. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

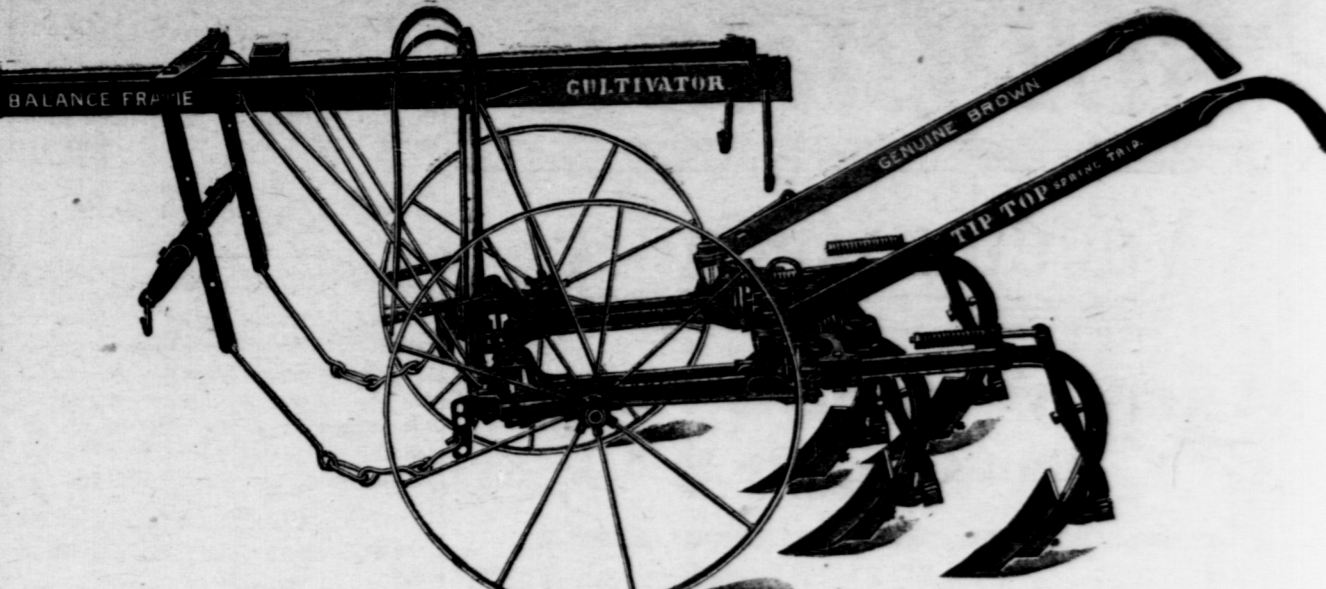

Remember the name—Doan's—and take no other.

WILL STAND THE PERCHERON STALLION

Brilliant D.

For the Season of 1913 at my farm on Boggs' Lane, near Richmond, at

\$15 to insure a Living Colt

Brilliant D. is a Percheron horse, bred by W. R. Grimley, of Sweetwater, Ill., color gray, foaled April 6, 1906. Sired by Gaulier's Percheron stallion, imported by Dunham, Fletcher & Coleman, of Wayne, Ill. Gaulier's sire by Eretat, he by Volcan, he by Bienville, he by Voltaire, he by Brilliant. Dam Mag black mare by Roscoe, he by Jas. Brown's Brilliant, a prize winner at the Chicago World's Fair, he by Brilliant one of the foremost Percherons of either France or America, for which Mr. Dunham was offered a very large price to let him go back to France. So it will be seen that Brilliant D. is very deeply bred in the Brilliant blood, and is fully entitled to the name of Brilliant.

I wish to impress upon parties having mares to breed, that Brilliant D. weighs 1,700 pounds. I believe the time is at hand when it takes weight to bring the money. Spaders of the breeders Gazette will notice that within the last few days large numbers of Percheron mares have been sold for prices around and exceeding \$500.

Care taken to prevent accidents, but not responsible should any occur. Lien retained on colt until service fee is paid or bred to another horse or jack.

Long Tom

Will also make the Season at the same time and place at

\$10 to insure a Living Colt

Money due when colt is foaled, mare parted with or bred to another horse or jack.

This jack is of big bone, good head and ear and must be seen to be appreciated. His colts are of exceptional size and quality. Long Tom needs no hot air blown on him. Every man that has ever bred to him is his life long friend and patron.

Long Tom is to the mule world what Peter the Great and Rex Peavine are to the trotting and saddle horse world. He is by Wm. Todd's big Jack, he by Tom Keene, he by Hube Hillington; 2nd dam by Lear's Napoleon.

Mares kept on grass at 10 cents per day. Not responsible for accidents, but all care taken to prevent same.

Will stand my SHORTHORN BULL \$2 CASH, and Silver Creek RED BOAR HOG AT \$1 CASH.
